(Aula JSW)

Time: 9.00 – 16.00

Supervisor of the session – Adam Getler, tel. 602 759 746, agetler@jsw.pl

Leader of the session – Stanisław Sroka (TRANSSYSTEM S.A.)

Description of the session:

Strategic investments in mining in the 21st century are projects of gigantic scale. The success of key projects for the industry depends to a large extent on a comprehensive management process. Modern mining projects with a high degree of innovation are implemented in order to increase the economics of enterprises, and also constitute a new area of activity.

Three main thematic blocks:

- 1. Project management in the JSW Capital Group:**
 - From IMF 2017 to IMF 2019
 - Implementation of the Program and Project Management Methodology at the JSW Capital Group
 - Development and problems of project management in the world

- 2. Project Management process in large mining industry organizations**
 - a. Change management through projects, hard coal mining in years 1998-2002 and at the Silesian University of Technology in the years 2008-2016
 - b. Presentations of the project management system in mining companies: LW Bogdanka S.A., Tauron Polska Energia S.A., KGHM S.A.

- 3. Presentation of innovative projects implemented in the JSW Capital Group**

Two discussion panels:

- 1. *What can kill the PMO in the organization***
- 2. *Project management in large organizations.***

The strategic partner of the session was **the Association International Project Management Association Poland (IPMA Poland)**. The session is hosted by **the AGH University of Science and Technology in Krakow**.
